Our Aquatic Center houses a six-lane, 25yd swimming pool, and a smaller training pool, both used for a variety of activities, including aerobic exercise classes, swim lessons, scuba classes, swim team practices, open swim and lap swimming. Designated open swim spaces can be used for any activity. Many times lap swimmers are fortunate enough to have a lane to themselves but should you encounter a busier time, the basic guidelines are posted above the water fountain on the pool deck. Following is a short list of those guidelines:

1. If there is one person in each of the lanes available for lap swim, you may have to share a lane. Try to choose a lane where the swimmer(s) is of similar ability.
2. If there are more than 2 swimmers using the lane, then "Circle Swimming" will be required - each swimmer would then swim in a counter-clockwise direction
3. There are no time limits for lap lane use, however, we ask that you be considerate to those wishing to share a lane.
