**Using our lap lanes**

Our Aquatic Center houses a six-lane, 25yd swimming pool, and a smaller training pool, both used for a variety of activities, including aerobic exercise classes, swim lessons, scuba classes, swim team practices, open swim and lap swimming. Designated open swim spaces can be used for any activity. Many times lap swimmers are fortunate enough to have a lane to themselves but should you encounter a busier time, the following guidelines should be used:

1. If there is one person in each of the lanes available for lap swim, you may have to share a lane. Try to choose a lane where the swimmer(s) is of similar ability.
2. If there are more than 2 swimmers using the lane, then “Circle Swimming” will be required - each swimmer would then swim in a counter-clockwise direction (i.e. swim down on the right side of the lane and back on the left).
3. Also when sharing a lane, remember to move to the side of the lane while resting so you are not blocking the wall.
4. Children are allowed to use the lap lanes only if they are *swimming* laps.
5. You may use the open swim area to swim laps but remember this area is open to all.
6. There are no time limits for lap lane use, however, we ask that you be considerate to those wishing to share a lane.
