Using our lap lanes

Our Aquatic Center houses a six-lane, 25yd swimming pool, and a smaller training pool, both used for a variety of activities, including aerobic exercise classes, swim lessons, scuba classes, swim team practices, open swim and lap swimming. Designated open swim spaces can be used for any activity. Many times lap swimmers are fortunate enough to have a lane to themselves but should you encounter a busier time, the following guidelines should be used:

1. If there is one person in each of the lanes available for lap swim, you may have to share a lane. Try to choose a lane where the swimmer(s) is of similar ability.
2. If there are more than 2 swimmers using the lane, then "Circle Swimming" will be required - each swimmer would then swim in a counter-clockwise direction (i.e. swim down on the right side of the lane and back on the left).
3. Also when sharing a lane, remember to move to the side of the lane while resting so you are not blocking the wall.
4. Children are allowed to use the lap lanes only if they are *swimming* laps.
5. You may use the open swim area to swim laps but remember this area is open to all.
6. There are no time limits for lap lane use, however, we ask that you be considerate to those wishing to share a lane.

AQUATIC CLASS DESCRIPTIONS:

ARTHRITIS PLUS – *All Levels* – A great cardio muscle-conditioning workout for all ages with any degree of arthritis with an additional cardio workout.

AQUA BOOT CAMP – *All levels* – A non-weight bearing exercise class that combines cardiovascular strength, abdominal, and aerobic training. You're sure to improve your cardiovascular conditioning as well as muscular strength and endurance while having fun in the pool.

AQUA ZUMBA – *All levels* – Hi-Lo impact water dance class with Latin Style! High energy and great cardio workout.

DEEP H2O – *All Levels* – Easy to follow, fun, safe and effective deep water exercises for total fitness with emphasis on core strengthening and toning of the much troubled abdominal and back region. Classes held in the deep side of the lap pool.

DEEP WATER RUNNING AND CORE – is a no-impact & high intensity program, which emphasizes cardiovascular strength, endurance, flexibility, range of motion and core strength. Participants will use floatation belts (provided at class) and no swimming skills are necessary. This program will be beneficial to runners, tri-athletes, and other active exercisers who are looking for a challenging workout to complement their land based training, or who are coming back from a layoff and are looking for a vigorous, no impact alternative.

PUMPING H2O – *All Levels* – A shallow water cardio workout that challenges you with fun, time-efficient exercises for muscle toning & strengthening balance, coordination, much more.

SENIOR H2O – *Beginner to Intermediate* – Class formulated just for those 60 and older. Free to members or \$5 for nonmember seniors.

SPLASH & DASH – *Beginner to Intermediate* – Take a stroll or a brisk walk (and much more) in the water and enjoy the company of friends. Classes are held in the training pool.
