

Welcome Back to the Kids Club!

COVID-19 Policy Update: *As we reopen the Kid's Club and Tumble Room, the health and safety of our staff, members, and their children is our biggest concern. We have adopted new policies to directly address these concerns and will start with a gradual opening. Initially we will be operating with reduced hours and reduced number of children to allow us to evaluate our processes and procedures before expanding services.*

Reservations: Initially we will be limiting the number of children in the Kids' Club and the Tumble Room. Parents and guardians will sign up for a specific time. Reservations can be made up to a week in advance by calling the Front Desk. No walk-ins accepted.

Arrival: Children's temperatures will be taken with a touchless forehead thermometer. **Children with temperatures over of 100.3 degrees will not be admitted.** After temperatures have been taken you will sign in and the children will head into the play area.

Mask Policy: All staff will be wearing masks at all times.

- Parents will need to wear masks while dropping off and picking up their child.
- Children ages 2 and over have the option to wear a mask while in the Kids' Club based on their comfort level.
- Children ages 2 and under should not wear a mask.

Social Distancing: Young children generally are unable to social distance. Kids' Club staff will offer independent play options but are unable to enforce strict social distancing measures.

Cost: \$2.00 per child per visit. Failing to show for a reserved time, without calling, will result in your account being assessed the \$5.00 per child fee.

Cleaning: Toys, surfaces, and other high touch areas will be cleaned throughout your child's time in the Kids' Club. In addition, we have closed times between each reservation session to more thoroughly clean the play area. All toys, surfaces, and floors will be cleaned during these closed times. Restrooms and Lobby area will also be cleaned and sanitized regularly each day.

Toys and Activities: Some toys have been removed from the Kids' Club and Tumble Room to allow us to ensure a clean and safe environment (no dress up clothing). We normally are strong believers in sharing during playtime. For now, we are going to discourage sharing toys. With the reduced number of children initially we are confident there will be plenty of toys to go around. We will also be continuing our crafts, since they are great independent activities that children enjoy taking home.
