

Lap Lane Schedule: Fall 2023

Lap Swimming Availability - The pool schedule changes seasonally, based on swim lessons and other aquatics programs. Regardless of the programming, we always have lap lanes set aside just for lap swimmers to reserve.

Below is an outline of a typical week, to guide you in making your lap swimming plans. To reserve your lap lane (up to one week in advance), or to see what lanes are currently available, use the QR code on the right to visit our website.

Using The Lap Pool/Spa

- You should reserve your lane time online on the HU website (**using the above QR code**) or call the front desk for assistance. When signing up, you sign up for a specific lane depth and a specific lane side (A or B).
- If you wish to swim for up to an hour you will need to reserve two, 30-minute slots in back-to-back times. Even though there will be no physical barrier between you and the person you are sharing the lane with, you will swim on the same side of the lane for your entire swim.
- If you wish to have a lane to yourself, you may reserve two, 30-minute slots in the same lane at the same time (reserve A & B sides of lane).
- If there is no one waiting for your lane at the end of your 30-minute workout, you may continue swimming until another patron requires the lane. Please be courteous and exit the pool when your time is up.
- Must be at least 14 years of age to use the spa.**
- Children are allowed to use the lap lanes only if they are swimming laps.
- We **highly encourage** all patrons to shower prior to entering the pool.
